How to Authenticate This Official Transcript From the Texas A&M University-Corpus Christi

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Office of the University Registrar at Texas A&M University-Corpus Christi. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. If this document has been issued by Texas A&M University-Corpus Christi, and this document is viewed with the latest version of Adobe® Acrobat or Adobe® Reader, it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by Texas A&M University-Corpus Christi with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

TEXAS A&M UNIVERSITY-CORPUS CHRISTI

Texas A&M University-Corpus Christi is a State supported, upper-level, institution of higher education. Texas A&M University-Corpus Christi is accredited by the Commission on Colleges of the Southern Association Of Colleges and Schools (SACS). First established in 1947 as the University of Corpus Christi, the name was changed to Texas A&I University at Corpus Christi in 1973. In 1977 the name was changed to Corpus Christi State University (CCSU). On September 1, 1989 the institution became a campus of the Texas A&M University System. Finally, on September 1, 1993, the name was amended to Texas A&M University-Corpus Christi.

ACADEMIC CALENDER YEAR

The academic year is comprised of a fall semester, a spring semester, and two or more summer terms.

COURSE NUMBERING SYSTEM

Prior to Fall 1996:

100-200	Freshman and sophomore courses
300-499	Junior and senior courses-some senior courses are acceptable for graduate credit
500-599	Graduate courses, Masters level
600 and above	Graduate courses, doctoral level

NEW COURSE NUMBERING SYSTEM

Beginning with the Fall Semester, 1996, Texas A&M University-Corpus Christi converted its course numbering format to the Texas Common Course Numbering System format. This change will make it easier for students transferring into Texas A&M-Corpus Christi to match the courses taken at all Texas public community colleges at many senior institutions in Texas with the courses offered on our campus.

This change affects both the subject prefix of the course and its number.

For example: ENG 101 (English Composition) in prior system becomes ENGL 1301 in the new format.

The first digit of the course number indicates the level of the course: 0 (zero) = Remedial or development course do not count toward hours earned nor grade points; 1 = Freshmen level; 2 = Sophomore; 3 = Junior level; 4 = Senior level; 5 = Masters level; 6 = Doctoral level. The second digit of the course number indicates the credit hour value of the course. The third and fourth digits are sequence identification numbers.

Freshman and sophomore courses have been renumbered to match the Texas Common Course Numbering System equivalents. Courses above the sophomore level have retained their old numbers except that the credit hour value has been inserted as a second digit. In most cases, course titles have not been affected by these changes.

GRADING SYSTEM

“E” next to a grade indicates the course has been repeated and is not counted in the term GPA or cumulative GPA. “I” next to a grade indicates that the course has been repeated, and is counted in the term GPA and the cumulative GPA. “A” next to a grade indicates that the course has been repeated and is counted in the semester GPA and the cumulative GPA.

Computer Generated Transcripts: During the Spring Semester of 1988 CCSU converted to computer generated transcripts. Students enrolled as of Spring Semester 1988 or later will have computer generated transcripts. Students before that date will have transcripts copied from a permanent record card or microfiche film. In some cases, data will be split between both systems.
